

Institute of Natural and Management Sciences Rawalpindi

WELCOME TO INAM

Come to a place of free thinking, academic excellence and inspiration to save your Future.

INAM Introduction:

Institute of Natural and Management Sciences is functioning as an affiliated institute of the University of Sargodha, recognized by the Higher Education Commission.

The aim of the INAM is to provide quality education to students to develop them into scientists and professionals who will be equipped with the knowledge of natural resources and will be able to provide effective and efficient services to the community.

UOS Introduction:

The University of Sargodha has become a legendary centre of Higher Education, in a short span of time, respected nationally as well as internationally for its brilliant performance in teaching and research activities. The UOS has highly qualified, experienced and dedicated faculty, which is imparting quality education and conducting meaningful research in scientific, social, religious and professional fields.

Director's Message:

I extend my hearty welcome to all the students seeking admission to the institute.

It gives me immense pleasure that the Institute of Natural and Management Sciences (INAM) is starting off with great promise. It has been my desire since long that an institute of higher learning be established in Rawalpindi with its field research stations at Balksar, Kund (Swabi) and Nathia Gali. To establish an institute of advanced studies in relatively less developed areas of the country is in line with government policy and aspirations of the people as well as students of Balksar, Chakwal, Taglang and other areas of neighborhood .

The institute by the grace of Almighty Allah, shall meet all the promises

and expectations ahead, through commitment to its purpose, sense of duty and hard work.

We are happy to launch M.Sc 2-years programs in Botany, Zoology and Environmental Sciences. In addition, we are launching a unique program of MBA in Natural Resource Management so to equip the minds who want to endeavor into natural resources management with modern and up to date management practices. Aside from these, usual MBA with specializations in Management, Finance and Human Resource Management are offered.

I hope that your stay in the campus will be intellectually stimulating as well as professionally rewarding. I further hope that it will facilitate the process of your emergence as a complete person, with an all-round development in personality, through the efforts of a dedicated team of faculty members with exemplary standards in teaching and research.

I welcome the students getting admission in academic programs of the institute and also congratulate the faculty and staff of the institute for launching the project successfully.

Zahid Husain

Dr. Zahid Husain
Executive Director

Mission Statement:

The mission of the INAM is

1. To develop human resource through integrated and well-balanced education in the field of natural and management sciences who can respond to the present as well as future needs of the society.
2. To motivate the students for their integrated efforts in raising the living standard of mankind by integrated use of natural resources.
3. To have collaborative interactions with universities and research institutes in Pakistan and also those of other Islamic countries.

Programs Offered:

Initially to offer postgraduate degree programs leading to:

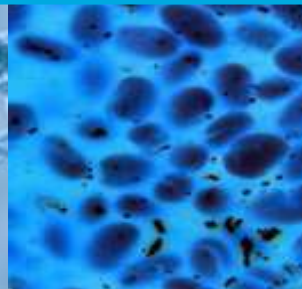

- M.Sc. (Zoology)
- M.Sc. (Botany)
- M.Sc. (Environmental Sciences)
- MBA

Faculty Staff:

Biological Sciences

- Dr. Afsar Mian Ph.D. (Bio- Resource Ecology)
- Dr. Zahid Husain Ph.D. F.L.S., London (Pest Management)
- Dr. Zafar Iqbal Ph.D. (Plant Sociology)
- Dr. Tahira Ahmad (Visiting)
- Dr. Samina Jalali (Visiting)
- Dr. Sajjid Shami (Visiting)
- Dr. Mehmood Ahmad (Visiting)
- Mr. Ghulam Sarwar M.Phil (Herpetology Ecology)
- Mr. Anayatullah M.Phil (Molecular Biology)

- Mr. Taqi Naqvi M.Sc (Botany)
- Ms. Kausar Hanif M.Sc. (Limnology)
- Ms. Madeeha Manzoor. M. Sc. (Freshwater Biology)
- Ms. Maleeha Rasheed M.Sc. (Molecular Biology)

Environmental Sciences

- Mr. Fakhar-i- Abbas (Ph.D)
- Ms. Nadia Yousaf M.Phil (Environmental Sciences)
- Mr. Moazam Fayaz M.Sc. (Environmental Sciences)
- Ms. Arfa Zaheer M.Sc. (Environmental Sciences)
- Mr. Farrukh Qurashi M.Sc (Environmental Sciences)
